---

this should do it

```
openr,1,filename
```

```
s=""
```

```
read,1,s
```

```
read,1,s
```

```
read,1,s
```

a1=dblarr(14) ;I'm guessing all your arrays have 14 elements, and that other stuff is from your 3rd line

```
read,1,a1
```

```
read,1,s
```

```
b1=dblarr(14)
```

```
read,1,b1
```

```
read,1,s
```

```
c1=dblarr(14)
```

```
read,1,c1
```

```
read,1,s
```

```
close,1
```

```
cheers,
```

```
Greg
```
