Hi david,

When I use cgmap object, the following code return error:

```
trial_position = cgAspect(self._cg_aspect, margin=0.)
```

and I find the cgAspect have no "margin" parameter:

```
FUNCTION cgAspect, aspect_ratio, $  
  ALIGN=align, $  
  ASPECT=aspect, $  
  POSITION=position, $  
  SINGLE_PLOT=single_plot, $  
  WASPECT=waspect
```

So can you fix this. Very thanks!

dave
