---

i have a fits image of dim[4096,4096]

i want to plot the subfield image from the fits image i have..

plot\_map, map, xr=[x1,x2], yr=[y1,y2]

but im getting this error message

% PLOT\_MAP\_INDEX: syntax --> plot\_map, map

can some one help me in this..

Or

can anyone guide me out in how to get the subfield image from a given fits image.
