> I'm using coyote graphics. 'psym=10' works fine on a cgplot line But when i try to use it in
cgplots it does Not work. I've seen this referenced in other posts that this is normal. I'm not sure
why this is so, and how to get around it if it is normal.

I'm not sure I know what you are talking about. Do you have an example?

Thanks,

David
