I have a directory (on Windows7) containing some filenames with Romanian special characters, e.g.

în.txt

The OS 'dir' command shows them...

```
25/11/2015 09:41 <DIR>      .
25/11/2015 09:41 <DIR>      ..
25/11/2015 09:31          0 în.txt

                2 File(s)          0 bytes
                2 Dir(s) 1,043,905,544,192 bytes free
```

cheers,
Greg
