Hi,
I am getting the following error upon starting the IDL after installing IDL 8.3 in my system.

LICENSE MANAGER: License file does not support this version.
 Feature: idl
 Application version > License version: 8.3 > 8.200
 License path: /Applications/exelis/idl83/../license/license.dat:/Applicati
 ons/exelis/license/*.lic:
 FlexNet Licensing error:-21,126

  your account manager or Exelis Visual Information Solutions, Inc.

I am using Macbook pro early 2015 with Yosemite. I have also installed Xquartz 2.7.8 in my
system. I didn't have any issues while installation.
Let me know if any knows what's going wrong.
