Folks,

Hi,

I am trying to plot an arrow in my graph:

...

```
line2 = POLYLINE([[-39,1.3],[-35,1.1]],'-r2', /DATA, ARROW_STYLE=1, $  
TARGET=p1,THICK=4)
```

...

BUT the result is not very good.

I am using IDL 8.0

Can someone help pls,

Cheers,

Dave
