I am trying to open HMI fits files using read_sdo.pro on a window 7 machine. following is the error:

```
IDL> f=file_search('*.fits')
```

```
IDL> read_sdo,f,index,data
```

```
-----  
| Uncompressing to> C:\Users\Home\AppData\Local\Temp |  
-----
```

```
| hmi.M_720s.20160108_000000_TAI.1.magnetogram.fits ->  
C:\Users\Home\AppData\Local\Temp\HMI20160107_235808_6173.fit s |  
-----
```

```
% FILE_SIZE: File: C:\Users\Home\AppData\Local\Temp\HMI20160107_235808_6173.fit s not  
found...
```

```
% Array dimensions must be greater than 0.
```

```
% Execution halted at: MREADFITS_SHM      63 E:\ssw\vobs\ontology\idl\jsoc\mreadfits_shm.pro
```

Please help!
