Thanks, Bob! This will really be useful in its new form. Now, head off
and enjoy that turkey!

I put an updated version of plotconfig on
<http://gammaray.msfc.nasa.gov/~mallozzi/home/software/idl/sr c/plotconfig.pro>

Hopefully I've added a few of the bits and pieces you

wanted. I added {X|Y}STYLE, {X|Y}MARGIN, and SYMSIZE settings. The widget is getting very large though, it's almost too big to be called a "dialog widget" anymore :-)
