Subject: xmanager does not block
Posted by marc schellens[1] on Mon, 28 Feb 2000 08:00:00 GMT

I have a program, wich calls:
xmanager,name,tlb
(without /NO_BLOCK) but xmanager immediately returns.
Is there a common mistake I might have made?

thanks,
:-) marc

Bingo! That's it!
Thanks a lot,
:-) marc
