Hi Chris,

This is undocumented, I believe, but if you poke around just a little
then all shall be revealed.

You got a file called "envi_effort.sav"? Start IDL and give this a
try:

```
IDL> restore,'rsi\envi32\save_add\envi_effort.sav'  
IDL> help,/rout
```

```
...  
ENVI_EFFORT_DEFINE_BUTTONS    buttons
```

```
...
```

Hmmm.

```
IDL> envi_effort_define_buttons,b  
IDL> help,b,/struc  
IDL> print,b
```

Cheers
