<html>

hello,

<p>attempting to replace a subset of existing data in an HDF&nbsp;SD, using idl procedure hdf\_sd\_adddata, receive the following error which i can not readily diagnose -

<br>% HDF\_SD\_ADDDATA: Unable to write the specified HDF-SD slice.

<p>hdf opens, sd starts /RDWR ok, sd selected ok

<br>i have verified the size and order of the data variable, count and start keyword variables.

<p>help is appreciated,

<br>george
