Hello,

I have been learning about the new IDLffShapeFile object (version 5.4). A friend has recommended a technical white paper from ESRI that describes the different attributes and data types. It looks like a good companion for the IDL documentation. I thought others might be interested. The paper is available, in PDF format, from ESRI's website:

<http://www.esri.com/library/whitepapers/pdfs/shapefile.pdf>

Ben
