Subject: Dialog_Pickfile Question
Posted by Geoff Herbynchuk on Tue, 05 Feb 2002 15:36:04 GMT

Hi all,

I'm wondering how/if there is a way to set the size of the window that
DIALOG_PICKFILE brings up to select files.   I've tried using the
XSIZE=xxx option, but it doesn't seem to work. =(

Thanks for any help.

Geoff

Maybe you could look at CW_FILESEL.

Thanks,

Allan
