Welcome to IDL. Our resident authors must be feeling shy today...

- > Does any of you have some links to documentation in general
- > about IDL

David Fanning's "IDL Programming Techniques 2nd ed." www.dfanning.com

Liam Gumley's "Practical IDL Programming" www.gumley.com

Ronn Kling's "Application Development with IDL" www.kilvarock.com

The provided online documentation

- > and particularly about interfacing with other programming
- > languages??

Ronn Klings "Calling C from IDL" www.kilvarock.com

The External Development Guide provided in the IDL distribution

These are all great books. These guys also have excellent websites so bookmark them right away as you'll find yourself visiting them a lot!
