Subject: Coordinates from SLIDE_IMAGE Posted by fburton on Wed, 18 Jun 2003 13:53:05 GMT

This is a simple problem, but I don't know the best way to proceed. I would like to get coordinates from one or more mouse clicks in the scrolling part of a SLIDE_IMAGE. Unfortunately, naive use of CURSOR appears not to work. Is there a compound widget out there which does what I want, or some sample code showing how to get the information from SLIDE_IMAGE?

Thanks!

Francis
