For those of you who use the library of astronomy related IDL procedures at

<http://idlastro.gsfc.nasa.gov/>

The server suffered a major crash this afternoon and it will probably be a few days before it can be fixed or replaced.

The library of astronomy related IDL procedures at

<http://idlastro.gsfc.nasa.gov/>

has been moved to a new server and should now be available again.
Please let me know of problems.
