Don't forget the good of Emacs ;)

I thought you gave up on IDL a month or two ago.

I keep backsliding. :-(

Cheers,

David

David,  
the solution is to delete the license file. Then you won't spend more than 7  
minutes at a time using IDL. Soon it will frustrate you, you will stop using  
IDL, and you are cured from your addiction. :-)))

Cheers,  
Haje
