Hallo,

Can someone give some instruction or maybe some function/code to reproject MODIS data automatically?

Thanks.

Here are your best options:

MODIS Swath Reprojection Tool:
<http://edcdaac.usgs.gov/landdaac/tools/mrtswath/>

MODIS Swath to Grid Toolbox:
<http://cires.colorado.edu/~tharan/ms2gt/>

MODIS True Color Image Tutorial (uses MS2GT internally):
<ftp://ftp.ssec.wisc.edu/pub/IMAPP/MODIS/TrueColor/>

Cheers,
Liam.
