Folks,

I am not in the habit of soliciting funds, but if you were
thinking of making a contribution to Coyote's Guide to IDL
Programming, and by extension to the Hurricane Katrina Relief
effort, this would be a good time to do it. Coyote is
matching all contributions through September 17th, and then
the Bohemian Foundation of Fort Collins is matching *those*.
Your contribution will grow by 400%!!

We have already raised $220 * 4 = $880 for this effort. Thanks
to everyone who has contributed.

Best Regards,

David
