Don't know, but if you tell those of us without Matlab what it /does/ we  
might be able to suggest something...

Pete.

I just put one up on my web page:

<http://www.dfanning.com/programs/bitget.pro>

Cheers,

David

Not a function I've been waiting for, but I'm very glad for the  
reminder of this weird 'case 1 of' trick, and the ~ not notation, too.  
Thanks!

Greg
