Some of the Aussies aren't familiar with "snow bunnies",
apparently. (I hear they barbecue prawns for Christmas,
for goodness sake!!) Here are the ones we hired last year:

Is this another attempt to artificially inflate download statistics? I notice that the

phrase in question occurs with and sans quotes here..... :o)

paulv

p.s. Does this classify as a snow bunny:

Not with the kind of people I hang with at the IEPA meetings. :-)

Cheers,

David

P.S. I want to point out that last year, as you know, I was in Hawaii showing off my IDL T-shirt when these winter meetings were planned, and this year I was in bed trying to recover from my Africa adventure. There is NO HOPE in trying to get these guys to meet some minimum standards of decorum, as much as I might wish for it. :-(
