Oh, oh. This was a bad idea. I've have company coming
and I was suppose to be cleaning the house today. But
I had a handful of orders within two minutes of sending
this message. I didn't even have time to go get a cup of
coffee. :-(

"Well, it may be a Merry Christmas yet, Mr Scrooge!"

Cheers,

David

David, you may want to consider PayPal as a form of payment. I suspect
that many of the younger folks have PayPal accounts set-up, and it is a
breeze for them to use it.

Hope you have a Merry Xmas :-)

I'm trying to figure that out now. Unfortunately, my, uh,
cgi programming ability is not really up to snuff, and
I can't quite see how to incorporate this into my shopping
cart. But, if you want to pay with PayPal, I can certainly
tell you how to do that. :-)

Unfortunately, I have GOT to get this house cleaned up,
and I never expected this kind of response. Fun, but
hectic this morning.

Cheers,

David
