Here could be the erroro ^ ^

Hi!

I tried the tiff\_read and read\_gif. I have no problems. I did the following.

IDL> read\_gif,'path/name.gif',bild,r,g,b (r,g,b are the colortables)

IDL> tv,bild  
IDL> tvlct,r,g,b

And for tiff-images:

IDL> bild=tiff\_read('path/name.tif',r,g,b)  
IDL> tv,bild  
IDL> tvlct,r,g,b

I hope this helps you
