IDL 7.0, featuring the new IDL Workbench, is now available. If your IDL license is current on maintenance, we will notify the license administrator about how to upgrade to IDL 7.0. For more information about this new release, visit <http://www.ittvis.com/idl/idl7.asp>.

Thank you,

Bill Okubo
IDL Product Manager
ITT Visual Information Solutions

I just installed it on my PC (personal license). Looks pretty nice.
I might actually be able to use the IDE to develop on MS-Win...

Uh, I'm sure you mean "develop on LINUX", right?
That's what I'm hoping for. ;-)

Cheers,

David

P.S. IDL 7.0. All things to all people!
