Oh, my God. I have *no* idea what that means!

I'm working on a book design this morning for a series
of "Coyote Guides" I'd like to write. I've been told
in no uncertain terms that Learning New Things is fine,
but I've got to get to the Money Coming In part ASAP.
Let's just say, priorities have shifted a bit in the
past few days. :-(

Cheers,

David

Speaking of which - is it possible to purchase the PDF edition of your book for someone else? That is, with the
"Prepared for xxxx" setup for someone other than the purchaser?
