Hi everyone,

my new book has just arrived, and from what I've read so far it's very well laid out, intuitively written and beautifully presented. It even comes with a personalised dedication to me from David, which was an unexpected bonus.

I've had my nose stuck into chapter eight all morning, and I don't think I've learnt as much in a single day since I left the real world for grad school!

If anyone's still sitting on the fence wondering whether to splash out on it, I encourage you to make the leap.

Thank you David, I hope you enjoyed writing it as much as I'm enjoying reading it!

Regards,
Chris

PS I hope Mrs Spon was aware what she was getting herself into by buying me this; I suspect she'll have a few weekends to herself now I have this book, whether she intended it or not! :-)

Done.

I hope our institut library will get a copy soon.
They asked a local book store to order one.

Most appreciated. Thank you very much! Your
"reads like a novel" comment brought tears to
the eyes of my 7th grade English teacher (as
well as making my day!).

I'm off on a two week "book tour" this morning, but
I am leaving word here to be on the look-out for it. :-)

Cheers,

David
