Hey Sean,

There was a nearly identical bug with TEXT that got fixed in 8.0.1. I'll log this.

mp

I noticed this bug too (i.e. random placing of TITLE when PLOT was in LOG scaling), which was already there in 8.0.1. I found a work around by using Text command instead of TITLE.
alx.

This has now been fixed, and will be in the next IDL version. Thanks
for reporting it!
