Were you sure there was a space between the " and the -? E.g.

```
"C:\Program Files\Exelis\IDL82\bin\bin.x86\idlde.exe" -nl en
```

Dear Scott

I tried all style, but it dosent work. i don know about the problem. I have no way to solving it.

Best, Hadi

Maybe you could try

```
"C:\Program Files\Exelis\IDL82\bin\bin.x86\idlde.exe" -nl en_US
```

Also, is it possible that -nl ja appears in the idlde.ini file? It does not ship that way but maybe it was edited?

Finally, try putting the line

```
-nl en
```

at the very top of the idlde.ini file.

Thanks,
Scott
