Folks,

I want to save some plots like this:

```
file=dialog_pickfile()
```

```
x=read_ascii(file)
```

```
x=x.(0)
```

```
for i = 0, 302162 do begin
```

```
  p = plot(x(*,i))
```

```
  p.save, 'i.jpg'
```

```
endfor
```

But, i need just to save these plots with the numbers like: 1.jpg, 2.jpg, ...

Can someone help me please?

Cheers,

Dave
