and descriptions, both in the code and in the documentation section, have them alphabetically but
as far as I can tell they show up in the resulting HTML in a random order. Is this something that
anyone else has seen?

It seems pretty random to me, too. :-)

Cheers,

David

Looking into this -- see ticket for updates:

  https://github.com/mgalloy/idldoc/issues/76

Ok, it is fixed in the current master branch and will be in the next
release.

Great! Thank you very much. It's just a nit, but will make things much easier to read.
