Subject: how to resize a top level base widget
Posted by DavidF[1] on Sat, 06 Apr 2013 20:03:48 GMT

Well, I've been writing widget programs since the day they came out, and I have to admit I have never done anything remotely similar to what you suggest. :-)

I suppose it is one way to to it. Sounds like a hell of a lot of work to me, though.

Cheers,

David
