
Subject: Tooltip for CW_BGROUP?

I have a button group created with CW_BROUP, and I'd like to add a tooltip for each button. CW_BGROUP does not accept a TOOLTIP keyword, so the only way I know how to do this is to not use CW_BGROUP and instead build the button group using WIDGET_BUTTON. Or is there an easier way?

Thanks, --Wayne

I've never used CW_BGROUP, but if you can get the button IDs out of it, you can use the TOOLTIP keyword with Widget_Control.

Cheers,

David
