Sure. I put all my routines in a file:

\$ head list

```
.run break_path.pro  
.run axis_range.pro  
.run check_chan.pro  
.run clear_plots.pro  
[. . .]  
save, /routines, filename='idl.lib'
```

Then from IDL type:

```
IDL> @list
```

```
--
```
