Hey everyone... I know I kind of dropped off the face of the planet for a couple of years, but I've been pythoning (gasp, shock, horror).

Anyway, I'm finally getting my new webserver up, which means that after being MIA for a long time, JBIU is finally up again! So far just the actual routines, but hopefully I'll get the documentation up soon.

<http://simulated-galaxies.ua.edu/jbiu/jbiu.tgz>

Cheers,
-Jeremy.
