Hi there,

Does anyone know where I can find Rick Towler's idl software? He developed a 'camera' object and a bunch of other useful stuff - it used to be here:
<http://www.acoustics.washington.edu/~towler/>
...but this doesn't exist anymore.

Cheers

George.

Hi,

you can try the time machine:
<http://web.archive.org/web/20110107062935/http://www.acoustics.washington.edu/~towler/>

Cheers,

Fabien

Clever - didn't think of that.

Thanks,

George.
