I HAVE:

```
A=FINDGEN(10)*3  
B=FINDGEN(10)*10  
C=FINDGEN(10)  
PLOT, A(*), B(*)  
OPLOT, A(*),C(*)  
END
```

I NEED TO JOIN POINTS, FOR EXAMPLE, B(1) WITH C(1), B(2) COM C(2) AND SO ON.
I ALREADY TRIED TO USE THE FUNCTION PLOTS, BUT I DON'T GOT.

urgency!

PLEASE, HELP ME
