Hi all,

I need to make a subfield map from the data da, but when I do the below option, I am not getting any output, Please let me know what is the problem in the below statement.

```
mamap=make_map(da,xc=-215,yc=-323,dx=0.6,dy=0.6,sub=[-445,15,-528,-118],units='arcsecs')
```

thanks
