Running pv-wave 4.00 on a DEC 5000 ultrix4.2a

```
WAVE> print,80000.958333333+0.0000115741,format='(f20.10)
      80000.9609375000
```

Why do I get this math error...
