Subject: perimeter measurement in idl Posted by L. Charles Burgwardt on Mon, 18 Jan 1999 08:00:00 GMT View Forum Message <> Reply to Message

I'm looking for a perimeter measurement routine written in IDL. I have a

binary image. The output could be in any units such as pixel perimeter, crack perimeter, or line segment. A boundary following routine would be good also, ie ordered list of boundary pixels.
