'Lord of the Sabbath'

Very good humour! I never got the punchline.

Now an even more popular request. Go peddle you crap else where. Maybe a good place to start is in one of those monstocities that billions have been spent on with the pretty stain glass windows and the elaborite decor. Huge wind organs.

"gonna buy me a place in heaven"

Buy the way i decoded your name and the number of your name happens to calculate to a number and that number is 666.

And while you are telling people where to go, howabout assigning yourself a destination.

Try and find a decent School where you can learn spelling and sentence construction.

I found Jesus, he was behind the sofa all the time.
